

WEEK 2

Submission Expectations

Expected Deliverables

Deliverable	Format
Project Outline Report	PDF
Initial Notebook	.ipynb

Week 2 Expected Components

Component	Description
Problem Statement	Selected Apex-2 problem statement
Business Goal	What the project aims to achieve
Dataset Details	Dataset source, size, features, target variable (if applicable)
Initial Dataset Reading	Initial loading and inspection
Initial Understanding	Initial observations and expected challenges
Proposed Workflow	Planned DPP, EDA, FE, modelling, tuning workflow
Proposed Baseline Model	Simple baseline model planned
Candidate Advanced Models	Proposed comparison models
Evaluation Metrics	Planned metrics for evaluation
Proposed Tuning Strategy	Planned tuning parameters / approach
Tools & Technologies	Python libraries / tools / frameworks
